

Hans Helgesen Elementary Newsletter

September 11, 2019

Hello wonderful Hans Helgesen school community,

We want to give a quick update on some of the happenings at our school.

First, please join us in welcoming Ms. Stephanie Passmore who will be teaching Kindergarten/Grade 1 for the school year. This is her second year with the district, and first at Hans Helgesen. She has lived in Metchosin for 4 years, and is excited about being a part of the Hans Helgesen community. Stephanie loves camping and walking with her dog through the many trails of Metchosin. We are delighted to have Ms. Passmore join our amazing staff. We wish Mrs. Struch all the best with her growing family.

Our Kindergartener's have completed their first full day. They are quickly learning routines and making friends. Welcome to school!

Bussing *Friendly reminder: if your child is expected to take a bus and you are picking them up that day, please notify the office as soon as possible or talk to the staff member at the bus.
